

Have your say on our local waterways...

WIN

Take our survey to win a Family Day Trip to Great Keppel Island!

Fitzroy Partnership for River Health is a collective of government, industry, agriculture, resources and community interests that assesses and reports on waterway health in the Fitzroy Basin every year. We have produced an annual report card on river health since 2010.

We need your help to find out what you think about living and working in the Fitzroy region, your use of local waterways and the reef and your perceptions on how they are managed. Our **15 minute survey** will help inform future planning for waterway management in Central Queensland, and specifically the Fitzroy Basin.

If you are over 18 and live in the Fitzroy region - from Moranbah and Nebo in the north, west to the Gemfields and Emerald, south to Injune, Taroom, Theodore and Biloela and east to Rockhampton and Yeppoon, **we want to hear from you!**

<https://bit.ly/fitzroywaterwaysurvey>

Complete the survey to go in the draw to **WIN 1 of 3 Family Day Trips on Freedom Fast Cats' Combo Cruise** seeing coral and marine life up close!

Terms and conditions:

Prize will be drawn after 17th December 2021 and is valid for 12 months.

Winners will be chosen via random number generator.

Winners will be notified via email (please check junk) and will be emailed the voucher.

More details about the prize can be found here: <https://freedomfastcats.com/overview-3/combo-cruises/>
