

## Vision

Trusted information to enhance understanding of the Fitzroy Basin.

## Mission

A collaborative, independent partnership reporting on the condition, sustainable use, and resilience of the Fitzroy Basin.

## Scope

All waterways in the Basin including estuaries and inshore marine, and activities to maintain and enhance the health and resilience of waterways.

## Partnership Objectives

A list of objectives and strategic priorities have been developed to maintain the Partnership vision and purpose.

Objectives	Keystone or Principle	Priorities
<b>Report on the state of the Fitzroy Basin</b>	Our reporting is based on the most up to date and credible science	<ol style="list-style-type: none"> <li>1. The Fitzroy Basin community has independent, trusted reports and data on waterway health</li> <li>2. Support implementation of the most fit for purpose, basin monitoring program to enable best coverage and use of resources</li> </ol>
<b>Support stewardship &amp; management actions</b>	We build and strengthen opportunities for our Partners to remain engaged and involved	<ol style="list-style-type: none"> <li>1. Maintain Report Card relevance under existing frameworks (e.g. Reef 2050)</li> <li>2. Provide a platform for collaboration and shared ideas between partners, leading to improved stewardship outcomes and improved resource management</li> <li>3. Maintain the relevance of FPRH by representing relevant stakeholders in the Fitzroy Basin region</li> <li>4. Represent and advocate for prioritised Fitzroy Basin management outcomes</li> <li>5. Link Partner organisations for collaborative research outcomes which benefit Fitzroy Basin waterways</li> </ol>
<b>Engage our diverse communities and peoples on the health of the Basin</b>	We contribute to the health and stewardship of Fitzroy Basin waterways through community engagement	<ol style="list-style-type: none"> <li>1. Targeted engagement and communications based on outcomes of community surveys</li> <li>2. Continue to grow the relationship between FPRH and first Nations groups to better incorporate traditional knowledge</li> <li>3. Increase participation in citizen science to fill data gaps and engage community in improving regional water quality</li> <li>4. Improve FPRH engagement and visibility across all the catchment areas in the Fitzroy Basin</li> </ol>
<b>Trusted Partnership through good governance</b>	The Resilience of our organisation is maintained by strong governance practices and ensuring stable resourcing and retaining good staff	<ol style="list-style-type: none"> <li>1. Maintain up to date governance and operating procedures</li> <li>2. Forecast budget expenditure to maintain adequate resourcing three years in advance</li> <li>3. Provide opportunities for staff career development and maintain regular performance reviews</li> </ol>
